* **Main agenda item - 5. To Review Reg 14 Draft Plan.** Bob Jones will have included all detailed edits from yourselves re phrasing and typos. That revised version will be available on the Google docs link above in item 5 from the evening of Wednesday 19th. More substantial recommendations for change have been put forward by Peter Brookes, who has done a full critical outsider read for us; Steve Ayres, who will be away for the next meeting, and Place Studio.

We will hope to clarify the issues we need you to make decisions about before the 20th and will send a brief note re these. Jeff Bishop will be present for this meeting.

It should be said that as a Draft Reg 14 document the Plan has received good vibes and our discussions are more about increasing the clarity and robustness of the Plan.

As we have to give time for Mary and Bob Child to do a basic design layout before the Parish Council presentation on the **31st March** (apologies for my getting the date wrong earlier) the intention from this SG meeting is to agree the parts that are OK and layout/technical linkage plans, and to discuss, and hopefully approve and critical changes in emphasis that are required.
